# 1. SIGNING UP

Before using the website, it is necessary to create an account and to log in.

It is very easy to subscribe to the website; it is free and it will take you just a few minutes. First, you need to click on the red square that says “*Inscription*” if you are using the French version of the website.

After clicking on it, it is necessary to introduce your personal information to create your personal account.

A screenshot of a web form for creating an account. The form has several input fields: "Pseudo :", "E-mail :", "Mot de passe :", and "Confirmation :". Below these is a dropdown menu for "Langue du site:" with a French flag icon and the text "Français". At the bottom of the form is a button labeled "Créer un compte", which is circled with a red oval. The background of the form is a light-colored map.

In **pseudo**: login that the other users will see

**Email**: Type in your email address

**Mot de passe**: write your password

**Confirmation**: rewrite your password to confirm it

**Langue du site**: here you can choose the language of the website (you can switch to English)

Once you have completed all these sections, the last step to complete the creation of the account is to click on “*créer compte*” and to confirm the email.

## 2. SETTINGS TO PLAY

After creating the account and before playing, it is necessary to set the parameters to customize the games according to what the user wants to learn and practice. To do so, you need to click on the silhouette that is on the top right of the website and then click again on “*mon profil*”.

Then, you need to click on “*modifier paramètres*” to choose and customize the settings to play.

After that, you need to select :

- your mother tongue “*langue maternelle*”
- the language you want to work on “*langue de travail*”

-the field of study /the type of technical vocabulary you want to learn (it is possible to choose

### 3. THE GAMES

Check Your Smile offers for the moment 5 different games to learn and practice specific and technical vocabulary in a foreign language: *Pendu* (hangman), *Audiowords*, *Check your motus* MCQ and *Check your Taboo*. You can access the games by clicking on the word « jeux » that you can find at the top of the page.

## - Pendu (Hangman)

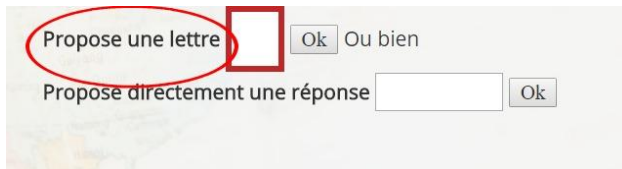

The first game “Pendu” is the traditional hangman game. It consists of proposing letters until the suggested word is guessed before the whole drawing of the hangman is sketched.

(Image of the hangman completely sketched)

To propose the letters, you need to write them in the square that is next to “*propose a letter*” and to click on “*ok*”.

Propose une lettre  Ok Ou bien

Propose directement une réponse  Ok

If the proposed letter is colored in:

**red** it means that this letter does not appear in the Word we are looking for.

**yellow**, it means that this letter has already been proposed before.

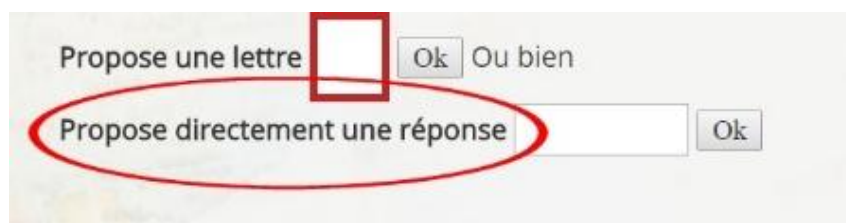

**green**, it means that this letter appears in the word we are looking for.

Do not forget the French accents!

Besides, you can get a clue by clicking on “*besoin d’un indice?*” that is located on the left at the bottom of the page. The hint will be a definition of the word you are trying to guess.

If by checking the hint you directly guess the word, we can write it directly under “*propose directement une réponse*”.

Propose une lettre  Ok Ou bien

Propose directement une réponse  Ok

Once the gameplay is finished, you can play again by clicking on “*rejouer*”, abandon the game by clicking on “*quitter le jeu*” or go directly to your profile’s page “*aller sur mon profil*”.

## -AudioWords

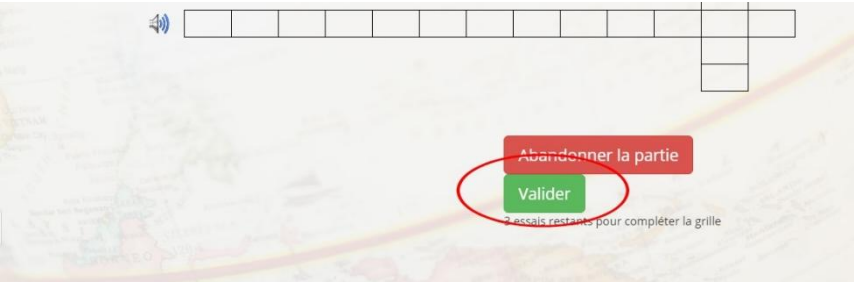

The purpose of this game is to complete the crosswords with the missing words by listening to the recorded audio files.

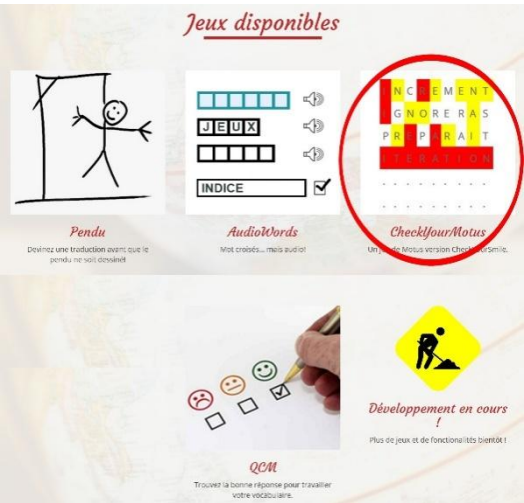

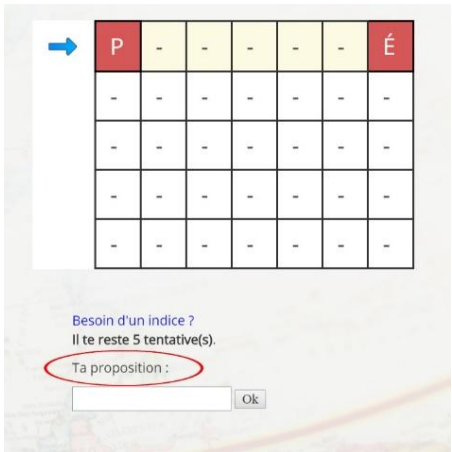

This game's purpose is to write words of the same length as the boxes. Once the whole crosswords is completed, you need to click on "valider ". You are allowed three attempts to complete the crosswords.

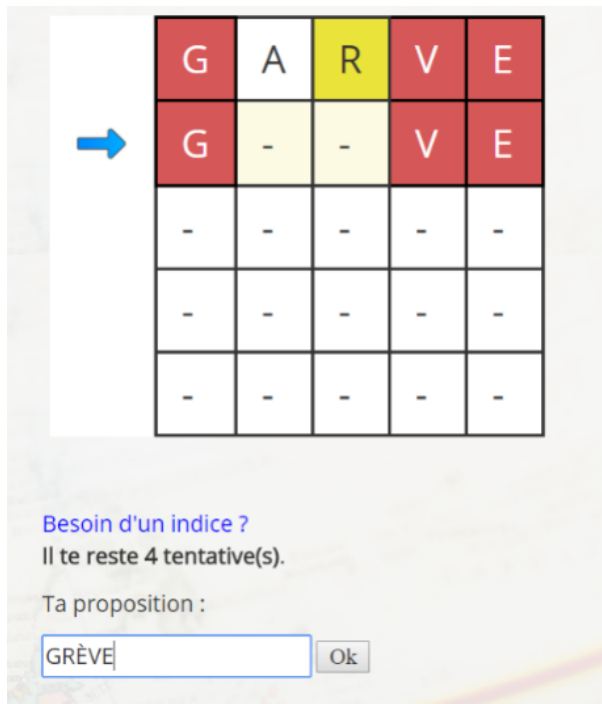

- CheckyouMotus

This game consists in suggesting words that have the same length as the word we are looking for. This word is linked to the subject that you have chosen to practice. You need to write the word in the square that says "ta proposition" and click on "ok".

When the square changes to **red**, it means that the letter is well located, while if it changes to **yellow**, it means that the letter is correct (it appears in the word we are looking for) but it is in the wrong place.

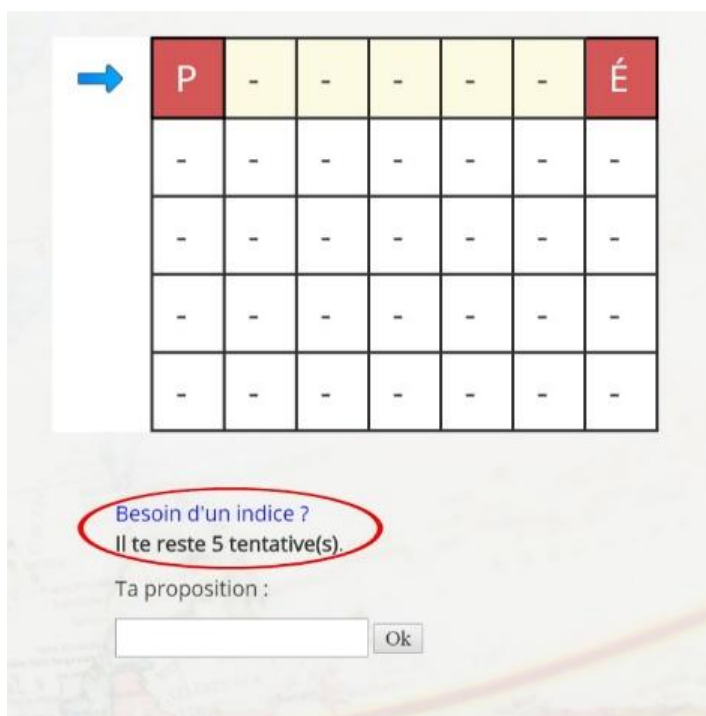

Besoin d'un indice ?  
Il te reste 4 tentative(s).

Ta proposition :

GRÈVE

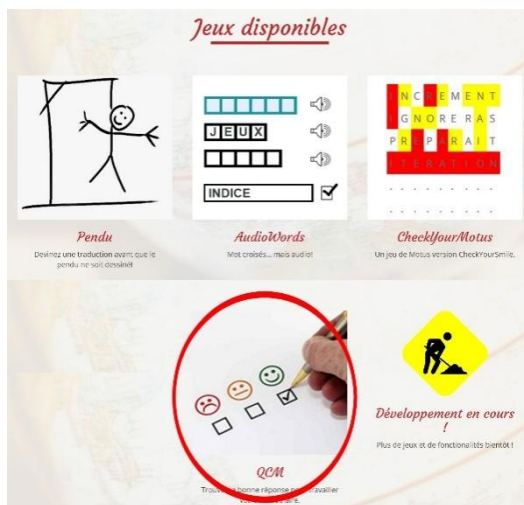

There is a limited number of attempts (5) and you can find a hint by clicking on “*besoin d’un indice?*”

Besoin d'un indice ?  
Il te reste 5 tentative(s).

Ta proposition :

## - MCQ

This game consists in choosing the right word between the 3 suggestions. When you click on the correct answer, this will be colored in green, while if the word you have clicked on is not the right, it will appear in red. To go to the next question, you need to click on “question suivante”. There are 10 questions.

## 4. THE COLLABORATIVE DICTIONARY

We can find the collaborative dictionary on the top of the welcome page.

Once that you click on “dictionnaire”, you have 4 different possibilities:

- “consulter” to look up word in the dictionary,
- “soumettre” to submit a word like this contributing to the creation of the collaborative dictionary,
- “valider” to review and check the words that other users have uploaded onto the platform and validate them,

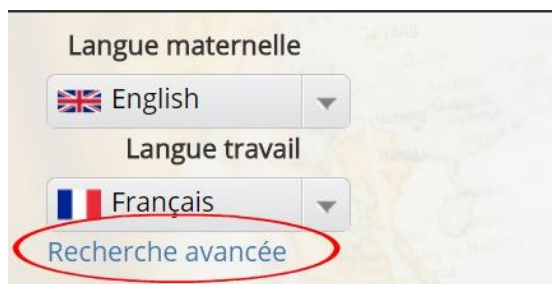

-“mes listes” that it is used to review and study the words you have previously saved in our personal lists.

To consult a word in the dictionary, first we need to click on “consulter”.

Then, you can select your mother tongue and the language you want to practice. In addition, you can choose the domain of the specific vocabulary you want to learn by clicking on “recherche avancée”.

When you are in “recherche avancée”, you can choose the field you want to practice; you can look it up in “domaine” by clicking on the grey button on the right.

You can also directly type it under “*rechercher*”. Once you have selected different fields, you can remove them from your “*spécialités utilisateur*” by clicking on the red cross that you can find on the right side of the word.

The screenshot shows the application interface with the following elements:

- Langue maternelle:** English (selected)
- Langue travail:** Français (selected)
- Recherche avancée (simple):** Graphie: [input field]
- Domaine:** [input field]
- Rechercher:** [input field]
- Spécialité Mots:**

| Spécialité                                  | Mots |
|---|------|
| aspects humains                             | 8    |
